PRIVACY POLICY

Version: 1.0

Effective Date: To be assigned before publication

Information We Collect

We collect information you voluntarily provide, including:

- Name
- Date of birth
- Gender
- Email address
- Phone number
- City and State
- Emergency contact
- Athlete number
- Competition registrations
- Payment history
- Profile photos
- Competition videos
- Rankings
- Results
- Comments
- Communications with support

Automatically Collected Information

When using the Platform we may automatically collect:

- IP address
- Browser type
- Device identifiers
- Operating system
- Pages visited
- Time spent
- Click activity
- Cookies
- Analytics data

How We Use Your Information

Your information may be used to:

- Create athlete profiles
- Process registrations
- Publish rankings
- Display results
- Manage competitions
- Improve the Platform
- Prevent fraud
- Verify identities
- Respond to customer service requests
- Send important account notifications
- Comply with legal obligations

Public Information

Certain information is intentionally public, including:

- Athlete name
- Athlete number
- Age division
- Competition results
- Rankings
- Statistics
- Awards
- Podium finishes

Publication of this competition information is a condition of participation in sanctioned events. A parent or legal guardian authorizes publication for a minor athlete. Withdrawing authorization blocks future sanctioned-event participation but does not automatically erase official historical results, subject to applicable law.

Cookies

We use cookies to:

- Remember login sessions
- Improve performance
- Analyze traffic
- Personalize content
- Maintain security

Users may disable cookies, although some features may not function properly.

Third Parties

We may share information with trusted service providers including:

- payment processors
- email services
- analytics providers
- cloud hosting providers
- fraud prevention services

We do not sell personal information.

Data Security

We implement commercially reasonable administrative, technical, and physical safeguards.

However, no internet transmission or storage system is completely secure.

Users acknowledge that unauthorized access, hacking, cyberattacks, data breaches, or other security incidents may occur despite reasonable safeguards.

Data Retention

Competition records may be retained indefinitely to preserve athlete history and rankings.

Other account information is retained only as long as reasonably necessary for legal, operational, or legitimate business purposes.

California Privacy Rights

California residents may have rights under applicable California privacy laws, including rights to know, access, correct, delete, and limit certain uses of personal information, subject to applicable exceptions.

European Users

Where applicable, users located in the European Economic Area or United Kingdom may have rights under the General Data Protection Regulation (GDPR), including rights to access, correct, delete, restrict processing, object to certain processing, and request data portability, subject to applicable law.

Children Under 13 and Guardian-Managed Athletes

The operator of the Platform is Parkour Leaderboard, 5400 Yarmouth Ave., Apt. 311, Encino, CA 91316, 772-413-1854, robbie@parkourleaderboard.com.

For an athlete under 13, the Platform collects information through the athlete's parent or legal guardian rather than by permitting the child to create independent login credentials. Information may include the child's legal name, date of birth, athlete number after activation, primary circuit, registrations, results, membership status, and optional profile information selected by the guardian.

We also collect the guardian's legal name, email address, relationship to the child, attestations, consent records, payment-verification status, and related account and audit information. Before collecting and activating the child's profile, we provide direct notice and require verifiable parental consent through the in-app guardian flow.

A non-zero payment transaction may be used as part of parental verification. Payment card details are handled by the payment processor and are not stored directly by Parkour Leaderboard.

Parental Rights

A verified parent or legal guardian may request access to the personal information associated with their child, request correction or deletion where legally available, refuse further collection or use, or withdraw consent by contacting us using the information below.

Withdrawal of permission to publish the mandatory competition identity and official results prevents future sanctioned-event participation. Optional photo and profile-detail visibility may be withdrawn independently without affecting eligibility.

We will take reasonable steps to verify that a person requesting access to or deletion of a child's information is the child's parent or legal guardian.

Optional Profile Visibility

An athlete's profile photo is controlled by a separate optional visibility setting. Biography, Instagram link, and home gym are controlled by a grouped optional profile-details setting. These settings default to private for minor athletes and may be changed by the person authorized to manage the profile.

Optional media permission under the Participant Waiver & Release of Liability is separate from acceptance of the required waiver and may be declined without preventing participation.

Legal Acceptance, Claims, and Audit Information

We may retain document versions, cryptographic hashes, signer and subject identifiers, signer capacity, attestations, server timestamps, acceptance dates, account activity, IP address, device or browser information, and similar evidence needed to administer legal acceptance and investigate misuse.

Profile-claim records may include claimant email, status, timestamps, guardian decision, and single-use token evidence. Claim-attempt audit records do not retain the submitted identity values and may be pruned after the applicable security-retention period.

Retention and Deletion

Incomplete private dependent-onboarding records are ordinarily retained for no more than 30 days when verification is not completed. Claim-attempt security audit records may be retained for up to 90 days. Legal acceptance evidence is retained as reasonably necessary to document consent, authorization, and compliance.

Official competition records may be retained indefinitely to preserve athlete history, rankings, and event integrity. Other personal information is retained only as long as reasonably necessary for the purpose for which it was collected, legal obligations, security, disputes, or legitimate operations, and is securely deleted or de-identified when no longer needed.

Electronic Acknowledgment

By selecting the affirmative acknowledgment mechanism presented with this Privacy Policy, the signer confirms that they have read and acknowledge the information practices described here in the capacity shown by the Platform. A parent or legal guardian acknowledging this Policy for a minor also confirms receipt of the direct parental notice presented in the guardian flow.
