15. Minor Athletes and Guardian-Managed Profiles

An individual must be at least 13 years old to create independent login credentials. An athlete under 13 may participate only through a guardian-managed athlete profile created and controlled by an adult parent or legal guardian.

Athletes ages 13 through 17 may be self-managed or guardian-managed. A parent or legal guardian remains responsible for accepting any minor-specific waiver, competition code, public-participation authorization, or other document that the Platform requires on the minor athlete's behalf.

A guardian may manage more than one athlete profile. Each athlete profile retains its own athlete number, circuit affiliation, membership, registrations, legal status, and competition history.

16. Public Competition Identity and Results

Participation in a sanctioned competition requires authorization to publish the athlete's legal competition name, athlete number, age division, official results, placements, rankings, statistics, awards, and podium finishes. A parent or guardian provides this authorization for a minor athlete.

If this authorization is withdrawn, the athlete may not enter future sanctioned competitions. Withdrawal does not automatically remove official historical results already published, subject to applicable law and any support or legal review.

Profile photos are governed by a separate optional visibility choice. Biography, Instagram link, and home gym are governed by a second optional profile-details choice. These optional choices default to private for minors and are not conditions of participation.

17. Membership Billing

Athlete Membership is assigned to a specific athlete profile even when another authorized person purchases it. The purchaser remains responsible for the applicable payment account. Organization Membership is separate from Athlete Membership.

A parent or guardian may continue paying for a minor athlete after that athlete claims control of the profile. Billing authority does not by itself grant profile-editing, registration, or legal-signing authority.

18. Electronic Acceptance

By selecting the affirmative acceptance mechanism presented with these Terms, the signer confirms that they have read and agree to these Terms in the capacity shown by the Platform, including as an account holder, as a parent or legal guardian acting for a minor athlete, or as an authorized representative acting for an organization.

Electronic acceptance is intended to have the same force and effect as a handwritten signature to the extent permitted by applicable law. The Platform may retain the signer, capacity, subject, document version and hash, attestation, acceptance date, and related audit evidence.
